Jackson County Fair management shall have the right to eject and ban any-

one committing an infraction of the rules. By entering any livestock Lot, the exhibitor agrees to abide by the current Drug Policy listed herein.

NOTE: The fair has legal authority to require drug testing under the Animal Industry Act, Act 466 of 1988, as amended, in Section 40(3): "A fair, exhibition, exposition, or show authority may require additional testing or vaccination of animals before entry and during the fair, exhibition, exposition or show."

LIVESTOCK SAMPLE COLLECTION PROCEDURES

Testing shall be performed by the Veterinarian/authorized representative as designated by Jackson County Fair management. Drug testing supplies shall be secured prior to the Fair through the Michigan Department of Agriculture, Laboratory Division.

At the Fair

1. Verify the animal you are about to test. Identify any tattoos, ear tags, or ear notches that are on the animal. Whenever possible use USDA official identification vs. farm identification. Be sure to include this information on the "Sample Tag".

2. Present the container for examination to the animal representative / exhibitor making sure to verify with the animal representative that the security seal has not been previously broken. If the sample container is rejected for any reason, use another container and return the defective one to the laboratory. Note: The animal representative must remain with the animal at all times during the sample collection process.

3. Record the seal # in the top right box of the Sample Transmittal Packing List.

4. Open the container by pressing upward on the tab marked open, breaking the seal.

5. Place the container in the catching stick; fold the lid back and anchor it under the metal finger welded onto the handle.

6. If a urine sample cannot be obtained, a Michigan Licensed Veterinarian/ Veterinarian Technician may collect five tubes of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the "Sample Tag". Place the five labeled blood tubes inside a plastic sample container and seal as described below.

7. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and also across the lid and down the sides of the container.

8. Complete the information on a "Sample Tag" substituting the name of the fair for "Track", the name of the animal (Grand Champion Steer, Reserve Champion Swine, etc.) for "Horse" and the ear tag number or other unique identification number for "Tattoo". After the animal representative has watched the sample collection and sealing, they must sign under "Witness" on the sample tag. The person collecting the sample must sign under the "Sampled By" on the "Sample Tag".

9. Place one completed large sticker tag from the top of the "Sample Tag" on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed "Sample Tag" must be kept and NOT returned to the lab.

10. Lock the sealed and labeled container in a metal can.

Note: Once the can is locked it cannot be opened until it reaches the lab.

11. Samples must be held secure and cold until transferred to the laboratory. Note: Urine may be frozen; blood must be refrigerated and never be frozen.

12. Any discarded needles should be placed in an approved "Sharps" container by the veterinarian/veterinarian technician.

13. When all sample collection has been completed, fill out the "Sample Transmittal Packing List". The packing list must identify the tag number of all samples included in the case. Enclose the completed "Sample Transmittal Packing List", any unused supplies and regenerated/refrozen freezer packs in the case and seal it with the provided intact case seal.

After Sample is Collected

1. Transport samples to the lab either in person or by overnight express.

Arrange samples to arrive at the lab during normal business hours (7:30 am-5:00 pm, Monday through Friday). The lab is located on the campus of Michigan State University at: 1615 South Harrison Road, East Lansing, MI 48823.

2. Collect and retain signed Animal Certification forms and the remaining portion of the "Sample Tag".

Note: Both of these documents should be kept in a secure place for cross-reference when sample results are received. In the event of a positive result these documents must be kept as evidence.

SECTION 8 — OPEN LOT LIVESTOCK FEES AND PASSES

For this fee they shall receive one rearview mirror tag for parking on North Street livestock parking lot (first come basis) and one gate punch card allowing entrance at all walk-in gates. Exhibitor has the option to provide a small photo by email or attached photo when submitting entries and a picture pass will be prepared instead of the gate punch card. DEPARTMENT 44 - PHOTOGRAPHY

Exhibit Building

ENTRIES CLOSE JULY 2

PHOTOGRAPHS SHALL BE BROUGHT IN TO THE EXHIBITION BUILDING ON THURSDAY BEFORE THE FAIR BETWEEN **NOON AND 6:00 P.M.** No entries shall be accepted after the deadline.

EXHIBITORS IN THIS DEPARTMENT ARE GOVERNED BY THE FOLLOWING RULES:

1. The Jackson County Fair reserves the right to reject any entry determined to be inappropriate for the family oriented environment of the Fair or that does not meet the rules and guidelines established for this department.

2. PHOTOGRAPHY COMPETITION IS OPEN ONLY TO PERSONS FROM JACKSON AND ADJOINING COUNTIES.

3. All photo entries shall be the work of the exhibitor.

4. Persons whose primary source of income is from photography shall not be allowed to exhibit in this department.

5. Every precaution shall be taken to insure the safety of exhibits but in no instance shall the Jackson County Fair be held responsible for losses or damage.

6. Each entry in each section and Lot shall be listed on the Entry Form Premium Statement. If two photographs are entered in a Lot, each shall be listed separately. Entry changes shall NOT BE ALLOWED once the entry forms have been submitted to the Fair Office.

7. **ONCE PHOTOGRAPHS HAVE BEEN ENTERED FOR COMPETITION, THEY MAY NOT BE USED FOR THE NEXT TWO CONSECUTIVE YEARS.**

8. **Exhibitor may enter only one division and is limited to two entries per Lot.** You cannot enter an exhibit in more than one department, division, or Lot (i.e., a photo entered in a color Lot cannot be used in a black and white Lot or in any Lot in 4-H).

9. All entries, whether digital or on film, shall be printed on standard photo quality paper.

10. Size requirements for photographs and mat boards are specified for each division. **Photographs that do not meet size requirements when dropped off will not be accepted.**

11. **Date, titles, exhibitor's name and other descriptive information are not allowed on the front side of photographs and mat boards. For identification purposes only, the exhibitors name and number shall be written on the back side of each mat board.**

12. All information for each entry shall be completed on exhibitor tags. Tags for photographs shall be fastened by the strings to the backs of mat boards

with cellophane or masking tape so tags hang over the front, upper right-hand corners when photos are viewed on display. **Photographs with incomplete or incorrectly placed tags will not be accepted**

13. **DISPLAYING PHOTOGRAPHS:** Photos shall be neatly and securely attached to standard, rigid mat boards (neutral colors are recommended) with either dry mount or photo mount spray adhesive. Poster board, construction paper and other thin, flimsy materials shall not be accepted for displaying photographs. Adequate adhesive shall be used to withstand the high temperatures and humidity experienced during Fair week. Mounting corners, rubber cement, cellophane tape, masking tape and double-sided tape shall not be accepted. Due to limited

display space and the difficulty in stapling thick mats to display panels, borders around photos shall not be excessive and entries shall not exceed the thickness of two standard mat boards. Therefore, foamcore or more than two layers of standard mat board are not permitted. Photographs shall be attached to whole, standard weight mounting boards. If mats are used on top of mounting boards to frame photos (optional), the opening in top mats shall be rectangular or square to conform to standard photograph format and shall display the full size photo as specified for each division.

12. Photographs in frames shall not be accepted for exhibition. Also, special tabs, hangers, or other devices for hanging photographs shall not be allowed.

15. Exhibitors and the public shall not be allowed in the Photography Department during judging and until exhibit is ready for opening day of Fair.

16. Judges records are the only source from which premiums are awarded.

17. No premium shall be awarded when a photograph entry is not worthy, even though there may be no competition.

18. **JUDGING:** Photographs are judged by professional photographers who consider primarily the composition, sharpness, color quality and balance, creativity, originality and the overall skills required to capture various subjects on film. Photographs not entered in the appropriate Lotes shall not be considered during judging. Exhibits shall be released on Sunday following the Fair from 12:00 Noon - 2:00 P.M. If items are removed early or not picked up during the time listed, you shall be fined the amount of your premium and item may be discarded. You shall present the entry ticket stub to pick up the exhibit, otherwise identification shall be required.

DEPARTMENT 51 CHILDREN'S SUNDAY SCHOOL AND SCOUT DE- PARTMENT

Exhibit Building
ENTRIES due July 8th

OBJECTIVE: It is expected that by participating in this project youth will learn how to communicate knowledge of community interests and effectively pass that information on to an audience through the learning environment. The object of this section is to give credit and encourage the children's efforts to learn and practice the essentials of their faith. It would show the degree of religious formation possible when children regularly attend Sunday School. Since the children's needs and aims are to be stressed, entries shall be limited to children of preschool age through high school.

Any church group of any denomination in Jackson County is eligible to enter. Entries shall be Lotified according to age groups, not denomination. To use denomination as a Lotification guide would only emphasize differences and would serve no worthwhile purpose. The emphasis is to be on the children's work not their church affiliation. All entries shall be the work of the group offering them. Divisions shall be according to age groups. There shall be four divisions. Premiums shall be awarded on an A,B,C basis.

1. Exhibits and exhibitors in this department shall be governed by the General Rules and Regulations printed below.

2. Fill in the entry form according to the directions printed therein. **CAUTION:**

Entries shall be accepted on a first come basis and space shall be assigned on an "as needed" basis. **Exhibits shall be in between 3:00 and 7:00p.m. on the Wednesday before the Fair.**

3. The acceptance of entries is conditioned upon the Jackson County Fair Association not being held responsible for any loss or damages that may occur to the articles after their arrival and placement.

4. Exhibits shall be released on Sunday following the Fair from 11am - 2:00 P.M. If items are removed early or not picked up during the time listed, you shall be fined the amount of your premium and item may be discarded.

6. The title of your entry should be large, obvious, and related to your theme. The theme should be simple but expandable. All projects should support that theme and demonstrate learning by children. Explanations may be necessary. Displays should be attractive and neatly done. Adults may work on setting up the display.

SECTION 1 — SUNDAY SCHOOL

Realizing that, often, Sunday School Lot room activities do not lend themselves well to a display of the children's religious studies, teachers could plan a display depicting a particular area of the Lot's studies. Posters, banners, seed pictures, puppets, shrines, mobiles, costumes, relief and other maps, and dioramas are some of the forms that could be considered. The project you choose can be an important teaching tool if it is correlated with the lesson material.
